

May 19, 1978

TO: All Interested Parties
FROM: Charles R. Roberts, Executive Director
SUBJECT: COMPLETION OF THE DRAFT ENVIRONMENTAL IMPACT REPORT ON
NORTHPOINT PIER: STORAGE BUILDING AND SERVICE YARD

Notice is hereby given that the San Francisco Bay Conservation and Development Commission has prepared a draft environmental impact report entitled "Northpoint Pier: Storage Building and Service Yard", dated May 17, 1978. The document discusses the expected environmental effects of a service yard and maintenance building proposed to be located near Pier 35 on the San Francisco waterfront. The yard and building would serve the Northpoint commercial project now under construction at Piers 39 and 41.

Interested parties may review the draft report at the Commission's offices at 30 Van Ness Avenue, San Francisco, California. Copies of the report may be ordered by submitting a request and a check for \$1.50 which covers the costs of reproducing and mailing the report. Written comments are invited on the draft report and will be accepted until July 3, 1978 when the 45-day review period will end. The Commission will also hold a public hearing on the draft report on June 15, 1978 at 455 Golden Gate Avenue, Room 1194, San Francisco, California at 1:30 p.m. Interested parties are invited to attend that meeting. Shortly after July 4, 1978, the staff will prepare responses to all comments and prepare a final environmental impact report for possible Commission certification at the meeting of July 20, 1978.
